

1 AN ACT relating to the misclassification of employees in the construction industry.

2 *Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

3 ➔SECTION 1. A NEW SECTION OF KRS CHAPTER 337 IS CREATED TO
4 READ AS FOLLOWS:

5 *(1) The General Assembly finds and declares that:*

6 *(a) Kentucky's construction industry is experiencing dangerous levels of*
7 *employee misclassification fraud. Unscrupulous employers are intentionally*
8 *reporting employees as independent contractors to state and federal*
9 *authorities or workers' compensation carriers in record numbers. In*
10 *addition, there has been an explosion of employers who operate in the*
11 *underground economy and fail to report all or a sizable portion of their*
12 *workers;*

13 *(b) A study of Kentucky's unemployment insurance audits for the years 2007-*
14 *2010 found that on average, twenty-six and four-tenths percent (26.4%) of*
15 *audited construction employers had misclassified workers as independent*
16 *contractors. The audit results show that misclassification is a growing*
17 *problem in Kentucky;*

18 *(c) Construction industry fraud reduces government revenue, shifts tax and*
19 *workers' compensation insurance costs to law-abiding employers, lowers*
20 *working conditions, and steals jobs from legitimate employers and their*
21 *employees. Misclassification has a negative financial impact on individual*
22 *workers, Kentucky state government, and the private sector in Kentucky;*

23 *(d) Testimony presented to the Kentucky General Assembly in 2014 estimated*
24 *that construction employers who misclassify employees as independent*
25 *contractors could reduce payroll costs by approximately thirty percent*
26 *(30%), thereby creating a significant unfair competitive advantage over*
27 *construction employers who abide by the law;*

1 (e) It is estimated that the unemployment insurance system lost an average of
2 one million seven hundred fifty thousand dollars (\$1,750,000) each year in
3 the construction sector for the period 2007-2010 in unemployment
4 insurance taxes that were not levied as a result of misclassification; and

5 (f) Based on Internal Revenue Service estimates that thirty percent (30%) of
6 the income of misclassified workers in Kentucky is not reported, it is
7 estimated that six million one hundred thirty thousand dollars (\$6,130,000)
8 annually of state income tax revenues from the construction sector were lost
9 in Kentucky for the period 2007-2010 as a result of employee
10 misclassification.

11 (2) Therefore, the General Assembly finds it necessary to enact legislation similar to
12 legislation that has been enacted in several states to address the problem of
13 misclassification of employees in the construction industry.
