

116TH CONGRESS
1ST SESSION

H. R. 3737

To require foreign manufacturers of products imported into the United States to establish registered agents in the United States who are authorized to accept service of process against such manufacturers.

IN THE HOUSE OF REPRESENTATIVES

JULY 12, 2019

Mr. CARTWRIGHT introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committees on Ways and Means, and Agriculture, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To require foreign manufacturers of products imported into the United States to establish registered agents in the United States who are authorized to accept service of process against such manufacturers.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Foreign Manufacturers
5 Legal Accountability Act of 2019”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

1 (1) Each year, many people in the United
2 States are injured by defective products manufac-
3 tured or produced by foreign entities and imported
4 into the United States.

5 (2) Both consumers and businesses in the
6 United States have been harmed by injuries to peo-
7 ple in the United States caused by defective prod-
8 ucts manufactured or produced by foreign entities.

9 (3) People in the United States injured by de-
10 fective products manufactured or produced by for-
11 eign entities often have difficulty recovering damages
12 from the foreign manufacturers and producers re-
13 sponsible for such injuries.

14 (4) The difficulty described in paragraph (3) is
15 caused by the obstacles in bringing a foreign manu-
16 facturer or producer into a United States court and
17 subsequently enforcing a judgment against that
18 manufacturer or producer.

19 (5) Obstacles to holding a responsible foreign
20 manufacturer or producer liable for an injury to a
21 person in the United States undermine the purpose
22 of the tort laws of the United States.

23 (6) The difficulty of applying the tort laws of
24 the United States to foreign manufacturers and pro-
25 ducers puts United States manufacturers and pro-

1 ducers at a competitive disadvantage because United
2 States manufacturers and producers must—

3 (A) abide by common law and statutory
4 safety standards; and

5 (B) invest substantial resources to ensure
6 that they do so.

7 (7) Foreign manufacturers and producers can
8 avoid the expenses necessary to make their products
9 safe if they know that they will not be held liable for
10 violations of United States product safety laws.

11 (8) Businesses in the United States undertake
12 numerous commercial relationships with foreign
13 manufacturers, exposing the businesses to additional
14 tort liability when foreign manufacturers or pro-
15 ducers evade United States courts.

16 (9) Businesses in the United States engaged in
17 commercial relationships with foreign manufacturers
18 or producers often cannot vindicate their contractual
19 rights if such manufacturers or producers seek to
20 avoid responsibility in United States courts.

21 (10) One of the major obstacles facing busi-
22 nesses and individuals in the United States who are
23 injured and who seek compensation for economic or
24 personal injuries caused by foreign manufacturers

1 and producers is the challenge of serving process on
2 such manufacturers and producers.

3 (11) An individual or business injured in the
4 United States by a foreign company must rely on a
5 foreign government to serve process when that com-
6 pany is located in a country that is a signatory to
7 the Convention on the Service Abroad of Judicial
8 and Extrajudicial Documents in Civil or Commercial
9 Matters done at The Hague November 15, 1965 (20
10 UST 361; TIAS 6638).

11 (12) An injured person in the United States
12 must rely on the cumbersome system of letters roga-
13 tory to effect service in a country that did not sign
14 the Convention on the Service Abroad of Judicial
15 and Extrajudicial Documents in Civil or Commercial
16 Matters. These countries do not have an enforceable
17 obligation to serve process as requested.

18 (13) The procedures described in paragraphs
19 (11) and (12) add time and expense to litigation in
20 the United States, thereby discouraging or frus-
21 trating meritorious lawsuits brought by persons in-
22 jured in the United States against foreign manufac-
23 turers and producers.

24 (14) Foreign manufacturers and producers
25 often seek to avoid judicial consideration of their ac-

1 tions by asserting that United States courts lack
2 personal jurisdiction over them.

3 (15) The due process clauses of the fifth
4 amendment to and section 1 of the fourteenth
5 amendment to the Constitution govern United States
6 courts' personal jurisdiction over defendants.

7 (16) The due process clauses described in para-
8 graph (15) are satisfied when a defendant consents
9 to the jurisdiction of a court.

10 (17) United States markets present many op-
11 portunities for foreign manufacturers.

12 (18) In choosing to export products to the
13 United States, a foreign manufacturer or producer
14 subjects itself to the laws of the United States. Such
15 a foreign manufacturer or producer thereby acknowl-
16 edges that it is subject to the personal jurisdiction
17 of the State and Federal courts in at least one
18 State.

19 **SEC. 3. SENSE OF CONGRESS.**

20 It is the sense of Congress that—

21 (1) foreign manufacturers and producers whose
22 products are sold in the United States should not be
23 able to avoid liability simply because of difficulties
24 relating to serving process upon them;

1 (2) to avoid such lack of accountability, foreign
2 manufacturers and producers of foreign products
3 distributed in the United States should be required,
4 by regulation, to register an agent in the United
5 States who is authorized to accept service of process
6 for such manufacturer or producer;

7 (3) it is unfair to United States consumers and
8 businesses that foreign manufacturers and producers
9 often seek to avoid judicial consideration of their ac-
10 tions by asserting that United States courts lack
11 personal jurisdiction over them;

12 (4) those who benefit from exporting products
13 to United States markets should expect to be subject
14 to the jurisdiction of at least one court within the
15 United States;

16 (5) exporting products to the United States
17 should be understood as consent to the account-
18 ability that the legal system of the United States en-
19 sures for all manufacturers and producers, foreign,
20 and domestic;

21 (6) exporters recognize the scope of opportuni-
22 ties presented to them by United States markets but
23 also should recognize that products imported into
24 the United States must satisfy Federal and State

1 safety standards established by statute, regulation,
2 and common law;

3 (7) foreign manufacturers should recognize that
4 they are responsible for the contracts they enter into
5 with United States companies;

6 (8) foreign manufacturers should act respon-
7 sibly and recognize that they operate within the con-
8 straints of the United States legal system when they
9 export products to the United States;

10 (9) United States laws and the laws of United
11 States trading partners should not put burdens on
12 foreign manufacturers and producers that do not
13 apply to domestic companies;

14 (10) it is fair to ensure that foreign manufac-
15 turers, whose products are distributed in commerce
16 in the United States, are subject to the jurisdiction
17 of State and Federal courts in at least one State be-
18 cause all United States manufacturers are subject to
19 the jurisdiction of the State and Federal courts in
20 at least one State; and

21 (11) it should be understood that, by reg-
22 istering an agent for service of process in the United
23 States, the foreign manufacturer or producer ac-
24 knowledges consent to the jurisdiction of the State
25 in which the registered agent is located.

17 the extent of such inconsistency.
