

115TH CONGRESS
1ST SESSION

H. RES. 304

Expressing support for designation of May as “National Asthma and Allergy Awareness Month”.

IN THE HOUSE OF REPRESENTATIVES

MAY 2, 2017

Ms. SHEA-PORTER (for herself, Mr. ENGEL, and Mr. HARPER) submitted the following resolution; which was referred to the Committee on Energy and Commerce

RESOLUTION

Expressing support for designation of May as “National Asthma and Allergy Awareness Month”.

Whereas 7,100,000, or 9.5 percent, of children in the United States currently have asthma, and that percentage has risen steadily since the 1980s;

Whereas 25,000,000, or 1 in 12, people in the United States have asthma, and the numbers are increasing each year;

Whereas on average, in 2008 children missed 4 days of school and adults missed 5 days of work because of asthma;

Whereas asthma is the most common noncommunicable disease among children;

Whereas 1,800,000 individuals per year visit emergency departments because of asthma’s effects;

Whereas asthma costs the United States about \$3,300 in medical expenses per person with asthma each year from 2002 to 2007;

Whereas medical expenses associated with asthma increased from \$48,600,000,000 in 2002 to \$50,100,000,000 in 2007;

Whereas fewer than half of people with asthma report being taught how to avoid triggers, which are key to the prevention of asthma attacks;

Whereas asthma is a manageable disease; and

Whereas May would be an appropriate month to designate as “National Asthma and Allergy Awareness Month”: Now, therefore, be it

1 *Resolved*, That the House of Representatives—

2 (1) supports the designation of “National Asthma and Allergy Awareness Month”;

3 (2) encourages awareness of the prevalence of
4 asthma and allergies, including heightened prevalence among women, minority, and urban demographics;

5 (3) recognizes and salutes health care professionals who treat asthma and allergy-related health
6 issues;

7 (4) recognizes and salutes researchers working
8 to identify asthma and allergy cures;

9 (5) recognizes and reaffirms commitment to
10 public education about asthma and allergy treatment

- 1 and symptoms and to advancing care for both asth-
2 ma and allergy conditions; and
3 (6) supports investment in researching the pre-
4 vention, treatment, and eradication of asthma.
