Section 2. Section 15-30-2110, MCA, is amended to read:

"15-30-2110. Adjusted gross income. (1) Subject to subsection (14), adjusted gross income is the taxpayer's federal adjusted gross income as defined in section 62 of the Internal Revenue Code, 26 U.S.C. 62, and in addition includes the following:

23 (B) in the case of married taxpayers filing jointly, if both taxpayers are receiving pension or annuity
24 income or if only one taxpayer is receiving pension or annuity income, the exclusion claimed as provided in

5 to 15-30-3104.

6 (3) A shareholder of a DISC that is exempt from the corporate income tax under 15-31-102(1)(l) shall
7 include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as
8 provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election
9 is effective.

10 (4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business
11 deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and
12 51(a) of the Internal Revenue Code, 26 U.S.C. 38 and 51(a), is allowed to deduct the amount of the wages and
13 salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries
14 were used to compute the credit. In the case of a partnership or small business corporation, the deduction must
15 be made to determine the amount of income or loss of the partnership or small business corporation.

16 (5) Married taxpayers filing a joint federal return who are required to include part of their social security
17 benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal
18 base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement
19 benefits when they file separate Montana income tax returns. The federal base must be split equally on the
20 Montana return.

21 (6) Married taxpayers filing a joint federal return who are allowed a capital loss deduction under section
22 1211 of the Internal Revenue Code, 26 U.S.C. 1211, and who file separate Montana income tax returns may
23 claim the same amount of the capital loss deduction that is allowed on the federal return. If the allowable capital
24 loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss
25 must be split equally on each return.

26 (7) In the case of passive and rental income losses, married taxpayers filing a joint federal return and
27 who file separate Montana income tax returns are not required to recompute allowable passive losses according
28 to the federal passive activity rules for married taxpayers filing separately under section 469 of the Internal
29 Revenue Code, 26 U.S.C. 469. If the allowable passive loss is clearly attributable to one spouse, the loss must
30 be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(8) Married taxpayers filing a joint federal return in which one or both of the taxpayers are allowed a deduction for an individual retirement contribution under section 219 of the Internal Revenue Code, 26 U.S.C. 219, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction must be attributed to the spouse who made the contribution.

(9) (a) Married taxpayers filing a joint federal return who are allowed a deduction for interest paid for a qualified education loan under section 221 of the Internal Revenue Code, 26 U.S.C. 221, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(b) Married taxpayers filing a joint federal return who are allowed a deduction for qualified tuition and related expenses under section 222 of the Internal Revenue Code, 26 U.S.C. 222, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(10) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to \$100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion exceeds \$15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding \$15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(11) (a) An individual who contributes to one or more accounts established under the Montana family education savings program or to a qualified tuition program established and maintained by another state as provided by section 529(b)(1)(A)(ii) of the Internal Revenue Code, 26 U.S.C. 529(b)(1)(A)(ii), may reduce adjusted gross income by the lesser of \$3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of \$3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The

1 reduction in adjusted gross income under this subsection applies only with respect to contributions to an account
2 of which the account owner is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the
3 taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect
4 to withdrawals of contributions that reduced adjusted gross income.

5 (b) Contributions made pursuant to this subsection (11) are subject to the recapture tax provided in
6 15-62-208.

7 (12) (a) An individual who contributes to one or more accounts established under the Montana achieving
8 a better life experience program or to a qualified program established and maintained by another state as
9 provided by section 529A(e)(7) of the Internal Revenue Code, 26 U.S.C. 529A(e)(7), may reduce adjusted gross
10 income by the lesser of \$3,000 or the amount of the contribution. In the case of married taxpayers, each spouse
11 is entitled to a reduction, not to exceed \$3,000, for the spouses' contributions to the accounts. Spouses may
12 jointly elect to treat one-half of the total contributions made by the spouses as being made by each spouse. The
13 reduction in adjusted gross income under this subsection (12)(a) applies only with respect to contributions to an
14 account for which the account owner is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild
15 if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with
16 respect to withdrawals of contributions that reduced adjusted gross income.

17 (b) Contributions made pursuant to this subsection (12) are subject to the recapture tax provided in
18 53-25-118.

19 (13) (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection
20 (13)(a)(iv), not to exceed \$5,000, from the taxpayer's adjusted gross income if the taxpayer:

21 (i) is a health care professional licensed in Montana as provided in Title 37;

22 (ii) is serving a significant portion of a designated geographic area, special population, or facility
23 population in a federally designated health professional shortage area, a medically underserved area or
24 population, or a federal nursing shortage county as determined by the secretary of health and human services
25 or by the governor;

26 (iii) has had a student loan incurred as a result of health-related education; and

27 (iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment
28 program described in subsection (13)(b) as an incentive to practice in Montana.

29 (b) For the purposes of subsection (13)(a), a loan repayment program includes a federal, state, or
30 qualified private program. A qualified private loan repayment program includes a licensed health care facility, as

1 defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility
2 as a licensed health care professional.

3 (14) Notwithstanding the provisions of subsection (1), adjusted gross income does not include 40% of
4 capital gains on the sale or exchange of capital assets before December 31, 1986, as capital gains are
5 determined under subchapter P. of Chapter 1 of the Internal Revenue Code as it read on December 31, 1986.

6 (15) A refund received of federal income tax referred to in subsection (1)(b) must be allocated in the
7 following order as applicable:

8 (a) to federal income tax in a prior tax year that was not deducted on the state tax return in that prior tax
9 year;

10 (b) to federal income tax in a prior tax year that was deducted on the state tax return in that prior tax year
11 but did not result in a reduction in state income tax liability in that prior tax year; and

12 (c) to federal income tax in a prior tax year that was deducted on the state tax return in that prior tax year
13 and that reduced the taxpayer's state income tax liability in that prior tax year.

14 (16) By November 1 of each year, the department shall multiply the amount of pension and annuity
15 income contained in subsection (2)(c)(i) and the federal adjusted gross income amounts in subsection (2)(c)(ii)
16 by the inflation factor for the following tax year, rounded to the nearest \$10. The resulting amounts are effective
17 for that following tax year and must be used as the basis for the exemption determined under subsection (2)(c).
18 (Subsection (2)(f) terminates on occurrence of contingency--sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates
19 on occurrence of contingency--sec. 9, Ch. 262, L. 2001; subsection ~~(2)(t)~~ (2)(s) terminates December 31,
20 2023--sec. 33, Ch. 457, L. 2015.)"

21

25 by law, it is unlawful to divulge or make known in any manner:

9 (a) the delivery to a taxpayer or the taxpayer's authorized representative of a certified copy of any return
10 or report filed in connection with the taxpayer's tax;

11 (b) the publication of statistics classified to prevent the identification of particular reports or returns and

16 (4) The department may deliver to a taxpayer's spouse the taxpayer's return or information related to
17 the return for a tax year if the spouse and the taxpayer filed the return with the filing status of married filing
18 separately on the same return. The information being provided to the spouse or reported on the return, including
19 subsequent adjustments or amendments to the return, must be treated in the same manner as if the spouse and

"33-22-157. Standards for review -- notice of deficiency. (1) (a) When reviewing a premium rate filing, the commissioner shall consider whether the proposed premium rate is excessive, inadequate, unjustified, or unfairly discriminatory. Rates may be considered excessive if they cause the premium charged for the health insurance coverage to be unreasonably high in relation to the benefits provided under the coverage. In order to

1 determine if the rate is excessive, the commissioner shall consider whether:

2 (i) the assumptions on which the rate increase is based are reasonable; and

3 (ii) one or more of the assumptions is not supported by the evidence.

4 (b) Rates may be considered inadequate if the rate is unreasonably low for the coverage provided, and
5 the commissioner may consider if the rate would endanger the solvency of the insurer or disrupt the insurance
6 market in Montana.

7 (c) A rate increase may be considered unjustified if the health insurance issuer provides data or
8 documentation in connection with the increase that is incomplete, inadequate, or otherwise does not provide a
9 basis upon which the reasonableness of an increase may be determined.

10 (d) Rates may be considered unfairly discriminatory if they violate 33-18-206, 33-22-526, 49-2-309, or
11 other applicable state laws prohibiting discrimination in health insurance.

12 (2) In order to determine whether the proposed premium rates for health insurance coverage are not
13 excessive, inadequate, unjustified, or unfairly discriminatory, the commissioner may consider:

15 investment savings;

16 (b) historical and projected administrative costs and medical and hospital expenses, including medical
17 trends;

24 and credibility;

25 (g) whether the proposed change in the premium rate is necessary to maintain the health insurance
26 issuer's solvency or to maintain rate stability and prevent excessive rate increases in the future;

27 (h) historical and projected claims experience;

28 (i) trend projections related to utilization and service or unit cost;

29 (j) allocation of the overall rate increase to claims and nonclaims costs;

30 (k) allocation of current and projected premium for each enrollee each month;

(l) the 3-year history of rate increases for the product or group of products associated with the rate increase if the product is 3 years old or older and otherwise any available rate history;

(m) employee and executive compensation data from the health insurance issuer's annual financial statements; and

(n) any other applicable information identified in administrative rules adopted pursuant to Title 33, except that the administrative rules may not include by reference any provisions of Public Law 111-148 and Public Law 111-152 or any regulations promulgated under those laws.

(3) The commissioner shall review rate filings and, if applicable, shall provide a notice of deficiencies containing detailed reasons describing why the commissioner finds that the proposed premium rate is excessive, inadequate, unjustified, or unfairly discriminatory. The notice must be provided within 60 days of receipt of filing.

(4) Within 30 days after receiving a notice of deficiencies alleging that a proposed rate is excessive, inadequate, unjustified, or unfairly discriminatory, the insurer may amend its rate filing, request reconsideration based upon additional information, or, unless the rate is unfairly discriminatory pursuant to subsection (1)(d), implement the proposed rate, ~~unless the rate is unfairly discriminatory, pursuant to subsection (1)(d).~~

(5) At the end of the 30-day period described in subsection (4), if the insurer implements a rate that the commissioner has determined to be excessive, inadequate, or unjustified, ~~or unfairly discriminatory~~, the commissioner shall publish the finding on the commissioner's website indicating the commissioner's determination."

(2) The commissioner shall by rule establish the timing and manner of the premium adjustments. Every entity providing medicare supplement policies or certificates in this state shall annually file with the commissioner its rates, rating schedule, and supporting documentation demonstrating that it is in compliance with the applicable loss ratio standards of this part. An entity transacting medicare supplement insurance in this state may not adjust its rates more than twice a year and may not adjust its rates for the first year a policy is in force, except to allow for changes in federal laws or regulations relating to medicare. Each filing of rates and rating schedules must demonstrate that the actual and expected losses in relation to premiums complies with the requirements of this part.

(3) An entity may not provide compensation to its insurance producers that is greater than the renewal compensation that would be paid on an existing policy or certificate if:
