8	COMMENDING THE JACKSON COUNTY HEALTH CARE WORKERS
9	AND DESIGNATING MARCH AS HEALTH CARE APPRECIATION MONTH.
10	
11	WHEREAS, the novel coronavirus (COVID-19) is a
12	respiratory disease that results in serious illness or death,
13	and is spread through close human contact, even between or
14	among individuals who may be asymptomatic; and
15	WHEREAS, Jackson County health care workers in
16	hospitals, doctors' offices, group homes, and home health care
17	workers, have been busy caring for COVID-19 patients
18	throughout 2020 and 2021, dedicating countless hours to help
19	combat the ongoing pandemic; and
20	WHEREAS, we all owe a great debt of gratitude to
21	these local health care and elder care heroes, who have
22	dedicated their time and put themselves at great personal risk
23	to treat and care for the sick and most vulnerable among us;
24	and
25	WHEREAS our frontline health care workers risk their
26	own health and safety, as well as the health and safety of
27	their loved ones, to continue their work during the COVID-19

pandemic; and these workers, far too often, go without 1 2 acknowledgement and without thanks for their heroic efforts and community impact; now therefore, 3 BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That we designate the month of 5 March as Health Care Appreciation Month in Jackson County, Alabama, we will recognize and honor the service, sacrifices and contributions of health care workers in hospitals, 8 doctors' offices, group homes, and home health care workers 9 10 for what they have done and for what they continue to do every

day to support the people of Jackson County.
