2D SESSION

H. R. 6779

To amend the Controlled Substances Act to require the Drug Enforcement Administration to report certain information on distribution of opioids, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 12, 2018

Mr. BUCK introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committee on the Judiciary, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To amend the Controlled Substances Act to require the Drug Enforcement Administration to report certain information on distribution of opioids, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Using Data to Prevent
5 Opioid Diversion Act of 2018”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1 (1) In 2016, there were nearly 64,000 drug
2 overdose deaths in the United States. More than
3 42,000 of these deaths were opioid-related.

4 (2) The regulations promulgated under the
5 Controlled Substances Act (21 U.S.C. 801 et seq.)
6 require drug manufacturers and distributors to—

7 (A) provide effective controls against the
8 diversion of controlled substances;

9 (B) detect and disclose suspicious orders to
10 the Drug Enforcement Administration; and

11 (C) keep complete and accurate records re-
12 lating to the manufacture or distribution of
13 controlled substances.

14 (3) Despite the requirements described in para-
15 graph (2), it has been publicly reported that between
16 2006 and 2016, nearly 21,000,000 opioids were dis-
17 tributed to 2 pharmacies in Williamson, West Vir-
18 ginia, which has a population of approximately
19 3,000. It has been further reported that between
20 2007 and 2008, nearly 9,000,000 pills were distrib-
21 uted to a single pharmacy in Kermit, West Virginia,
22 which has a population of 392.

23 (4) Similarly, it has been publicly reported that
24 780,000,000 oxycodone and hydrocodone pills were
25 distributed to pharmacies throughout West Virginia

1 between 2007 and 2012. In the same period, more
2 than 1,700 people in the State died from overdoses
3 of these 2 substances.

4 (5) Drug manufacturers and distributors are
5 required to report the sale, delivery or other disposal
6 of narcotics to the Drug Enforcement Administra-
7 tion through the Automated Reports and Consoli-
8 dated Orders System.

9 (6) Notwithstanding the reporting requirement
10 described in paragraph (5), the Drug Enforcement
11 Administration does not disclose the total quantity
12 and type of opioids distributed to a single pharmacy
13 or practitioner with those manufacturers and dis-
14 tributors who are required to input information into
15 the Automated Reports and Consolidated Orders
16 System. This creates a barrier to identifying and
17 stopping potentially suspicious orders.

18 (7) Although manufacturers and distributors
19 are already required to provide effective controls
20 against the diversion of controlled substances, this
21 lack of data sharing may create a barrier to better
22 identifying and stopping potentially suspicious or-
23 ders.

24 (8) On an annual basis, the Attorney General
25 of the United States is statutorily required to share

1 the controlled substance or substances in schedule II
2 that have the highest rates of abuse and to prepare
3 and make available reports on the distribution pat-
4 terns of such substances, with State regulatory, li-
5 censing, and law enforcement agencies. The Attor-
6 ney General of the United States has entered into
7 data sharing agreements with the attorneys general
8 of the vast majority of States, Puerto Rico, and the
9 District of Colombia to share, pursuant to State law
10 and policy, data obtained from State prescription
11 drug monitoring programs and other sources.

12 (9) To further reduce barriers associated with
13 identifying suspicious patterns and stopping the di-
14 version of opioids, the remaining States and terri-
15 tories of the United States should enter into similar
16 agreements with, and to the greatest extent practical
17 share data obtained from State prescription drug
18 monitoring programs with, the Attorney General of
19 the United States.

20 **SEC. 3. PURPOSE.**

21 (a) IN GENERAL.—The purpose of this Act is to pro-
22 vide drug manufacturers and distributors with access to
23 anonymized information through the Automated Reports
24 and Consolidated Orders System to help drug manufactur-

1 ers and distributors identify, report, and stop suspicious
2 orders of opioids and reduce diversion rates.

3 (b) RULE OF CONSTRUCTION.—Nothing in this Act
4 should be construed to absolve a drug manufacturer, drug
5 distributor, or other Drug Enforcement Administration
6 registrant from the responsibility of the manufacturer, dis-
7 tributor, or other registrant to—

8 (1) identify, stop, and report suspicious orders;
9 or

10 (2) maintain effective controls against diversion
11 in accordance with section 303 of the Controlled

21 under this title against a registered manufacturer or dis-
22 tributor based on the failure of the registrant to maintain

16 analytic information on the actual distribution patterns,
17 as gathered through the Automated Reports and Consoli-
18 dated Orders System, or any subsequent automated sys-
19 tem, pursuant to section 307 and which includes detailed
20 amounts, outliers, and trends of distributor and pharmacy
21 registrants, in such States for the controlled substances
22 contained in schedule II, which, in the discretion of the
23 Attorney General, are determined to have the highest
24 abuse.

1 “(2) If the Attorney General publishes the report de-
2 scribed in paragraph (1) once every 6 months as required
3 under paragraph (1), nothing in this subsection shall be
