

118TH CONGRESS
1ST SESSION

H. RES. 594

Recognizing the value of the Older Americans Act of 1965 nutrition program in addressing hunger, malnutrition, and isolation, and improving the health and quality of life for millions of our Nations seniors each year.

IN THE HOUSE OF REPRESENTATIVES

JULY 17, 2023

Ms. BONAMICI (for herself, Ms. STEFANIK, Mr. MCGOVERN, Ms. STEVENS, Mr. COSTA, Ms. GARCIA of Texas, Mr. BISHOP of Georgia, Ms. WILSON of Florida, Mrs. DINGELL, Ms. LOIS FRANKEL of Florida, Ms. WASSERMAN SCHULTZ, Mr. ALLRED, Mr. KELLY of Pennsylvania, Ms. NORTON, Ms. TOKUDA, Mr. DAVIS of Illinois, Ms. SCHAKOWSKY, Ms. LEE of Nevada, Mr. FITZPATRICK, Mr. BLUMENAUER, Mr. MORELLE, Ms. DAVIDS of Kansas, and Ms. ADAMS) submitted the following resolution; which was referred to the Committee on Education and the Workforce

RESOLUTION

Recognizing the value of the Older Americans Act of 1965 nutrition program in addressing hunger, malnutrition, and isolation, and improving the health and quality of life for millions of our Nations seniors each year.

Whereas, on March 22, 1972, President Richard Nixon signed into law Public Law 92–258, which amended the Older Americans Act of 1965 (OAA) and established a national nutrition program for individuals 60 years and older;

Whereas thousands of local senior nutrition programs, both
congregate and home-delivered, are funded through the
OAA nutrition program;

Whereas these programs provide a vital lifeline to millions of
older adults and individuals with disabilities in commu-
nities across the United States who may be homebound
and isolated, struggling with hunger and malnutrition;

Whereas local OAA nutrition programs provide nutritious
meals, socialization, friendly visits, and wellness and safe-
ty checks through volunteers and staff to individuals who
suffer from long-term chronic conditions, as well as to
those who may need short-term assistance;

Whereas the official purposes of the OAA nutrition program
are to—

- (1) reduce hunger, food insecurity, and malnutrition;
- (2) promote socialization of older individuals; and
- (3) promote the health and well-being of older indi-
viduals by assisting such individuals to gain access to nu-
trition and other disease prevention and health promotion
services that can delay the onset of adverse health condi-
tions resulting from poor nutritional health or sedentary
behavior;

Whereas the OAA nutrition program reduces other costs to
taxpayers, primarily lowering Medicare and Medicaid ex-
penditures by helping to—

- (1) prevent falls;
- (2) avoid unnecessary hospital transports, admis-
sions, and readmissions;
- (3) expedite recovery from illness; and
- (4) delay or prevent institutionalization;

Whereas local OAA nutrition programs are proven, valuable, and effective public-private partnerships that leverage private, corporate, and individual donations and other non-Federal funding sources to operate their services efficiently and successfully; and

Whereas the over-60 population of the United States is rapidly growing and projected to increase significantly every year for the next several decades, causing a similar increase in the need and demand for local OAA nutrition program services: Now, therefore, be it

1 *Resolved*, That the House of Representatives—

2 (1) recognizes and values the important work of
3 local Older Americans Act of 1965 (OAA) nutrition
4 programs nationwide in giving voice to millions of
5 our Nation’s seniors each year, improving their qual-
6 ity of life and addressing senior hunger, malnutri-
7 tion, and isolation;

8 (2) recognizes and values the important role
9 that local OAA nutrition programs and national or-
10 ganizations play in increasing awareness of the
11 growing unmet need for these programs and in rais-
12 ing additional non-Federal funds and soliciting vol-
13 unteers to support and assist the important missions
14 of these programs;

15 (3) recognizes and values volunteers as the
16 backbone of the OAA nutrition program, noting that
17 they deliver nutritious meals to seniors and individ-

1 uals with disabilities who are at significant risk of
2 hunger, malnutrition, and isolation, and provide car-
3 ing concern and attention to the welfare of program
4 participants; and

5 (4) encourages Members of Congress to support
6 their local OAA nutrition programs by—

7 (A) delivering meals to homebound seniors
8 or serving them in a congregate setting with a
9 program in their district or State; and

10 (B) working to secure sustained Federal
11 funding for the OAA nutrition program that
12 will allow local providers to keep pace with in-
13 creased program costs and demand.
