SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND,
That the Laws of Maryland read as follows:

Article – Natural Resources

5–204.

- (a) (1) There is a Sustainable Forestry Council in the Department.
- (2) The purpose of the Council is to advise the Department on all matters related to:
- (i) Sustainable forestry management in the State;

(ii) The expenditure of funds from the Mel Noland Woodland Incentives Fund under § 5–307 of this title;

(iii) Existing regulatory and statutory policies that are perceived as economic barriers to a viable forest products industry;

(iv) New markets to enhance forest health, including renewable energy development through biomass energy, to offset fossil fuel consumption and reduce greenhouse gas emissions;

(v) Creative strategies to help privately owned forest lands better compete with real estate market values that are driving forest conversion and fragmentation;

(vi) The means to promote forest–based economies and processing capability that contribute to economic and employment growth; and

(vii) Assigning a nutrient efficiency benefit to forest stewardship plans and other forest conservation management plans that can be measurably tracked and reported by the number of forested acres covered by the plans.

(b) [There is a Park Advisory Commission in the Department.

(c)] (1) The Sustainable Forestry Council shall have 9 members.

(2) Members of the Council shall be appointed by the Governor, with the advice of the Secretary, to serve at the pleasure of the Governor.

[(d) (1) The Park Advisory Commission shall have 12 members.

9 (a) The General Assembly declares that:

10 (1) Sprawl development and other modifications to the landscape in
11 Maryland continue at an alarming rate, consuming land rich in natural resource,
12 agricultural, and forestry value, adversely affecting water quality, wetlands and habitat,
13 threatening resource-based economies and cultural assets, and rending the fabric of rural
14 life;

15 (2) Current State, county, and local land conservation programs help to
16 limit the effect of sprawl development but lack sufficient funding and focus to preserve key
17 areas before escalating land values make their protection impossible or the land is lost to
18 development; and

19 (3) A grant program that leverages available funding, focuses on
20 preservation of strategic resources, including those resources threatened by sprawl
21 development, streamlines real property acquisition procedures to expedite land
22 preservation, takes advantage of innovative preservation techniques such as transferable
23 development rights and the purchase of development rights, and promotes a greater level
24 of natural and environmental resources protection than is provided by existing efforts, will
25 establish a rural legacy for future generations.

26 (b) (1) A Rural Legacy Program is established to enhance natural resource,
27 agricultural, forestry, and environmental protection as provided in subsection (a) of this
