Article – Natural Resources

5–902.

(a) The General Assembly declares that there is need for a program to make funds available to State agencies and any subdivision to:

(b) This program is known as Program Open Space and carries out the recommendations of the 1968 Legislative Council committee on recreational areas. By enacting this program, the General Assembly intends to provide funds to the State and its subdivisions to enable them to acquire land for outdoor public recreation and open space use and develop and provide public access to the land for public recreation.
