

**JOINT RESOLUTION ENCOURAGING STUDY TO REDUCE
FALL-RELATED INJURIES**

2017 GENERAL SESSION

STATE OF UTAH

Chief Sponsor: Jani Iwamoto

House Sponsor: _____

LONG TITLE

General Description:

This joint resolution of the Legislature encourages the Department of Health to convene a multi-stakeholder workgroup to develop recommendations for reducing fall-related injuries among Utahns.

Highlighted Provisions:

This resolution:

- ▶ sets forth the impacts of fall-related injuries among Utahns;
- ▶ encourages the Department of Health to convene a multi-stakeholder workgroup to develop recommendations for reducing fall-related injuries among Utahns;
- ▶ encourages the workgroup to consider certain issues; and
- ▶ encourages the workgroup to report its recommendations to the Legislature before October 1, 2017.

Special Clauses:

None

Be it resolved by the Legislature of the state of Utah:

WHEREAS, in 2014, Utahns were hospitalized 5,300 times for the treatment of fall-related injuries;

WHEREAS, in 2014, more than \$186 million was spent on treating Utahns for

fall-related injuries;

WHEREAS, from 2013 to 2015, 655 Utahns died as the result of fall-related injuries;

WHEREAS, more than 76% of fall-related deaths and more than 61% of fall-related hospitalizations are among individuals 65 years of age or older;

WHEREAS, the risk of death from fall-related injuries increases exponentially with age; and

WHEREAS, individuals 65 years of age or older are many times more likely to die from injuries related to falls than injuries related to traffic accidents, firearms, or other causes of unintentional injury:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah encourages the Department of Health to convene a multi-stakeholder workgroup to develop recommendations for reducing fall-related injuries among Utahns.

BE IT FURTHER RESOLVED that the workgroup include the department's fall prevention specialist, an individual representing the elderly, an individual representing local health departments, an individual representing Utah physicians, an individual representing Utah emergency medical service providers, an individual representing Utah hospitals, an individual representing the Utah Health Information Network, an individual with expertise in the electronic exchange of clinical health information, and, as appropriate, others.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah encourages the workgroup to consider:

(a) how to promote the identification of individuals at risk of fall-related injuries and the delivery of risk-reduction interventions;

(b) how to promote the use of fall-risk assessments by primary care physicians and other medical practitioners who interact with persons at risk of fall-related injuries;

(c) whether a primary care physician should be notified for appropriate follow-up when a patient of the physician is treated in a hospital emergency department or other emergency or urgent care setting for a fall-related injury;

(d) how to increase the availability of funding for home modifications designed to reduce the risk of fall-related injuries; and

(e) how to sustain efforts to reduce fall-related injuries in the state if federal funding for the efforts is reduced or eliminated.

59 BE IT FURTHER RESOLVED that the Legislature of the state of Utah encourages the
60 workgroup to report its recommendations to the Health and Human Services Interim
61 Committee before October 1, 2017.

62 BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Department
63 of Health.
