15 (c) To the extent practicable, the membership of the Task Force shall reflect the
16 gender, racial, ethnic, and geographic diversity of the State.

17 (d) The Director of the Maryland Energy Administration shall designate the chair
18 of the Task Force.

19 (e) The Maryland Energy Administration shall provide staff for the Task Force.

20 (f) A member of the Task Force:

21 (1) may not receive compensation as a member of the Task Force; but

22 (2) is entitled to reimbursement for expenses under the Standard State
23 Travel Regulations, as provided in the State budget.

24 (g) The Task Force shall:

25 (1) identify the barriers to the deployment of nuclear power generation
26 resources and other related technologies in the State, including regulatory, statutory,
27 financial, social, environmental, workforce, and educational barriers;

28 (2) develop recommendations that a permanent nuclear energy
29 commission may use to address the barriers to the deployment of nuclear power generation
30 and other related technologies in the State;

(3) consult with any federal, state, or local agencies, nonprofit organizations, private industry representatives, or other stakeholders on the role of a permanent nuclear energy commission in the State;

(4) study whether different types of incentives should be created for different levels of nuclear development, including customer-sited residential and nonresidential, aggregated net metered, community nuclear, and utility scale nuclear, based on cost variance and other factors; and

(5) make recommendations on incentives and other actions needed for the deployment of nuclear power generation resources and other related technologies in the State, including incentives and other actions to ensure:

(i) that the State meets its net-zero greenhouse gas emissions goals established in § 2-1204.2 of the Environment Article;

(ii) effective participation from minority business enterprises in nuclear development in the State;

(iii) that nuclear development in the State:

1. creates high-quality jobs with family-sustaining wages;

and

2. includes training and outreach to communities where nuclear energy is generated or being developed;

(iv) equitable access to renewable energy in the State; and

(v) the efficient use of land in the State through maximizing the production of nuclear energy on previously developed property.

(h) (1) On or before December 30, 2025, the Task Force shall submit a report on its findings and recommendations to the Governor and, in accordance with § 2-1257 of the State Government Article, the General Assembly.

(2) The report shall include recommendations for the creation of a permanent nuclear energy commission in the State, including recommendations on:

(i) the organizational placement of the commission within a unit of the State;

(ii) staffing needs of the commission;

(iii) the mission statement and short- and long-term goals of the commission; and

1 (iv) the role of the commission in fostering the development of the
2 nuclear power industry in the State.

3 SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect June
4 1, 2024. It shall remain effective for a period of 2 years and 1 month and, at the end of June
5 30, 2026, this Act, with no further action required by the General Assembly, shall be
6 abrogated and of no further force and effect.
