

117TH CONGRESS
1ST SESSION

S. 2899

AN ACT

To require the Director of the Bureau of Prisons to address deficiencies and make necessary upgrades to the security camera and radio systems of the Bureau of Prisons to ensure the health and safety of employees and inmates.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Prison Camera Reform
3 Act of 2021”.

4 **SEC. 2. FINDINGS.**

5 Congress finds the following:

6 (1) The Bureau of Prisons has 122 institutions
7 located throughout the United States. The Bureau
8 of Prisons employs nearly 38,000 employees and is
9 responsible for more than 150,000 Federal inmates.

10 (2) Video footage from security camera systems
11 and reliable communication over radio systems with-
12 in Bureau of Prisons institutions are essential to
13 protecting the health and safety of Bureau of Pris-
14 ons employees and Federal inmates.

15 (3) Based on the experience of Bureau of Pris-
16 ons correctional staff, the noticeable presence of
17 functioning security cameras serves as an effective
18 deterrent to criminal behavior and misconduct.

19 (4) Well-documented deficiencies of camera sys-
20 tems at Bureau of Prisons’ facilities have hindered
21 investigators’ ability to substantiate allegations of
22 serious misconduct by staff and inmates, including
23 sexual and physical assaults, medical neglect, and in-
24 troduction of contraband.

25 (5) In a 2016 report, the Office of the Inspec-
26 tor General for the Department of Justice deter-

1 mined that “deficiencies within the BOP’s security
 2 camera system have affected the OIG’s ability to se-
 3 cure prosecutions of staff and inmates in BOP con-
 4 traband introduction cases, and these same problems
 5 adversely impact the availability of critical evidence
 6 to support administrative or disciplinary action
 7 against staff and inmates”.

8 (6) Shortcomings in the land-mobile radio sys-
 9 tems at Bureau of Prison facilities institutions im-
 10 pede the communication abilities of staff, slowing or
 11 preventing the response of correctional officers dur-
 12 ing an emergency or threat of attack, and jeopard-
 13 izing the safety of both staff and Federal inmates.

14 **SEC. 3. REQUIRED PLAN FOR REFORM OF BOP SECURITY**

15 **CAMERA AND RADIO COVERAGE AND CAPA-**
 16 **BILITIES.**

 18 enactment of this Act, the Director of the Bureau of Pris-
